Experience the true spirit of giving...

Since 2015, our community has come together to help children share the **Magic of Christmas**.

With the help of our friendly elves, each child chooses the perfect gift for someone they love - and our gift-wrapping elves make it shine under the tree.

Your time and support make a lasting impact - for every child who shops with joy and every family who opens gifts with love on Christmas morning.

***Thanks to generous community donations,
each gift costs only \$1!***
